Conducting groundbreaking research & analysis

Leading cutting-edge research in telehealth, telework, broadband planning, digital inclusion, and more.

Award-winning Geospatial Services offering broadband mapping, engineering, and technical services.

Helping smaller cities and rural areas keep pace

Building carrier-neutral internet exchange point (IXP) facilities on university campuses in regional hub communities.

IXPs matter because they help lower cost, increase speeds, and foster competition.

At the start of 2024, 14 states and 3 territories did not have an IXP.
